

Flight Training Packages

We provide flight training from the ground up.

You can reduce the cost of flight training by 10% with one of these goal-based packages.

You can start anywhere, and then advance to any higher package. The higher you start, the more you'll save. Regardless of the combination of packages you choose, you'll save vs the "Pay-As-You-Go" method.

Zero-to-Solo

Prepare for one of the biggest milestones in flight training.

\$5,852

20

10

Private Pilot

Training to obtain your Private Pilot certificate.

\$11,320

\$5,528
if you previously purchased Zero to Solo

40

20

If additional hours are needed to complete training past the Private Pilot Package, additional hours can be purchased at the discounted package rate.

Flight Instruction Hours

Ground Instruction Hours
